Content The Comprehension and Language Arts Skills Workbook provides practice and application for the comprehension and language arts lessons.

Student Experiences Students will complete activities that will support the instruction from the comprehension and language arts lessons.

Assessment Continuous assessment provides a variety of useful techniques and opportunities to assess students, both informally and formally. Informal assessments include Rubrics, corresponding with specific skill masteries following the Lesson Planner pages within the Teacher Edition. Formal assessments are done periodically to offer teachers the opportunity to gauge progress on multiple skills. In the Program Assessment book, a Pretest at the beginning of the year guides and informs instruction, and a Midyear Test and Posttest give teachers an opportunity to monitor students' progress. Unit Assessments monitor students' understanding of phonics, comprehension, and language arts. Diagnostic Assessment provides more focus assessment opportunities to aid in individualizing instruction. Test Preparation and Practice Workbooks help teachers prepare their students for standardized tests, such as Terra Nova, SAT/9, and ITBS.

Organization There is one consumable workbook per student.

Resource Materials Little Books are Big Books in a smaller format for individual student use. Teacher Read Alouds are sets of trade books used for theme/unit introduction. Diagnostic Assessment provides focused assessment opportunities to aid in individualizing instruction.
